

What is covered?

Learn how to sculpt the facial muscles with myofascial massage techniques. You will incorporate deeper techniques powerful enough to iron out wrinkles if done regularly. This course will explain why lymphatic drainage massage should be incorporated with myofascial techniques. This technique is an excellent option for clients who do not wish to have botox injections. This course is an excellent addition for therapists that offer lymphatic drainage massage and facials. This course will cover anatomy of the facial muscles and bones and massage techniques that is suited to sculpt the client's facial features.

Duration

2 Days

Provided by the RTO

To support your studies, we will provide:

- An online interactive digital platform with all the learning resources.
- Issuance of certification documentation upon successful completion.
- Ongoing support and help (please check on our website for specificity).
- Research database to conduct research for assignments.

Any new information for the student

For more information, please read through the student handbook. Students must be aged 18 or older.

Course Fee

\$1000

(No additional fees. Please refer to our refund policy found in your enrolment form for further details).

Additional Resources

Internet and a computer are required for this course.

Students will need to purchase the required textbooks.

Students can purchase optional kits including:

- Massage Kit (\$550)

The kit's will be beneficial for at-home practice.

Mode of Assessment

The delivery of the course will be blended learning. The theory will be delivered online. You will have a designated lecturer assigned to assist you. The practical components will be delivered on campus. The on-campus training will be announced closer to the time. The practical hours are to be completed in the student clinic. Please contact your lecturer to find a regular time for you to come in for your clinic hours. The hours are dependant on the clinic opening hours. The hours can only be completed once you have passed the unit of competency for that unit.

Course Description

This course includes a combination of self-study and a classroom using a simulated environment.
